

# TREASURE YOUR ISLAND

## Painted Kitchen Island

Create your own kitchen paradise by painting your island in a fresh accent color.

### You'll Need:

---

Dutch Boy® Cabinet, Door & Trim paint	Painter's tape
Angled paintbrush	Screwdriver
Mini woven roller cover and roller frame	Drop cloth
Mini trays	Clean, damp cloth

### Here's How:

---

**Step 1** Remove doors, drawers and cabinet hardware if necessary; wipe with clean, damp cloth.

*Tip: If your island has doors and drawers, paint those separately.*

**Step 2** Lay down the drop cloth to protect floors.

**Step 3** Affix painter's tape underneath the countertop.

**Step 4** Use the angled brush to paint hard-to-reach areas, then use the mini woven roller for the remaining areas.

**Step 5** Remove painter's tape while paint is still damp; allow paint to dry, following suggested drying time on the can label.

*Optional: Add a second coat of paint for added durability.*

**Step 6** Reattach doors, drawers and cabinet hardware if necessary.

Find more paint projects at [menards.dutchboy.com/projects](http://menards.dutchboy.com/projects).

See paint can labels for application instructions and drying times.

Use Dutch Boy® paint to ensure precise color match. Refer to the actual color chip for accurate color representation.

Wall: **Native Copper 208-4DB**  
Island and Trim: **Antiquated Lace 017W**  
Cabinets: **Comforting Neutral 440-6DB**
