

INSIDE OUT

Outdoor Living Space

Transform an exterior space into a relaxing oasis—with some style and a simple shutter update!

You'll Need:

Dutch Boy® Maxbond® exterior paint	Hammer
Angled paintbrush	Finishing nails
Paint pail	Drop cloth
Fine- to medium-grit sandpaper	Clean, damp cloth
Level	

Here's How:

- Step 1** Remove shutters and transfer to an area covered with a drop cloth for painting.
- Step 2** Prep the shutters by lightly sanding any rough or glossy surfaces.
- Step 3** Wipe with a clean, damp cloth to remove dust or debris and let dry.
- Step 4** Pour paint into pail.
- Step 5** Using an angled paintbrush, paint the shutters, starting with the center panel and working outward to the edges. Apply evenly so paint doesn't build up in the corners.
- Step 6** Allow paint to dry completely. Follow suggested dry time on the can label.
Optional: Apply a second coat of paint for added durability.
- Step 7** Using a hammer and finishing nails, reinstall newly painted shutters to house.
- Step 8** Add your personal touches to the space, like decorative pillows, hanging planters, and fun decor!
